There being no further business the meeting closed at 7.30pm.

Chairman.....

Date

Maintenance Report Tuesday 8th January 2019

Works carried out by the Maintenance team in the past month:

- Cutting back of planting and tidying of borders at the Stratton memorial Garden.
- Painting of bus shelters
- Applying wood preserve to posts and noticeboard on duke street garden
- Graffiti removal
- Removal of fallen branches in parks
- Reinstallation of damaged bins.
- Leaf clearance in and around bus shelters
- Hedge cutting in SMG
- Ditch clearing at St Dunstan's
- Transferring of festival equipment to storage at the Earle Mitchell changing rooms.

The maintenance power tools and push mowers have been put into Brians of Longwick for winter service and I am currently in the process of obtaining service quotes for the Kubota ride on mower. In the week leading up to Christmas, Turney Ground force allowed us to demo a tractor and rear deck mower and have forwarded a quotation for the equipment demonstrated.

Finally, I would ask that the council give serious consideration to the issue of storage of the proposed new mowing equipment. We are only 10 – 12 weeks away from possibly recommencing grass cutting and the issue of storage needs addressing sooner rather than later. My suggestion would be along the lines of the garage in wades if any alternative storage is to be supplied to Risborough Rangers. This would be a better decision in the long term as opposed to renting a unit and would also allow for the storage of the Kubota ride on thus freeing up a container in the maintenance compound.

Thank you for your time. I am happy to answer any questions you may have.
