To: Residents of Princes Risborough

As representatives of local authorities in Kuźnia Raciborska, we are writing to thank all Residents of Princes Risborough for your help and the support you offered by collecting humanitarian aid and gifts to people from Ukraine staying in our area due to the war conflict in their home country.

We are glad to tell you that thanks to your support our citizens in Poland can give help in all possible ways to Ukrainian people who left their homes.

Once again we would like to express our gratitude for your help offered to our friends from Ukraine.
